SOMERSET HILLS HEALTH SCREENING CLINIC

The Health Screening includes a blood test, urinalysis, stool blood test and blood pressure check. The purpose is to screen for conditions such as diabetes, gout, kidney disease, liver disease, cholesterol levels (HDL & LDL) and triglycerides, anemia, leukemia, severe infections, and hypertension. Early detection increases treatment options and decreases the effects of such conditions.

FOR IMMEDIATE RELEASE

BERNARDS TOWNSHIP HEALTH DEPARTMENT HOLDS
ANNUAL HEALTH SCREENING
MAY 7th, 8th, 9th

BASKING RIDGE, NJ (March 26, 2009) – The Bernards Township Health Department will conduct its annual health screening program for all residents of the Somerset Hills and its vicinity. The screening will take place at St. James Roman Catholic Church, 184 South Finley Avenue in Basking Ridge on; May 7th, 8th, & 9th from 7:00 am to 9:00 am.

This special low-cost service includes a blood test (SMA-26), urinalysis, stool blood test, blood pressure check, and health education. A thyroid blood test is also available for an additional charge. The purpose of this program is to screen for conditions such as diabetes, gout, kidney disease, liver disease, elevated cholesterol, anemia, leukemia, severe infections, certain cancers, and hypertension. All participants and their physicians will receive a copy of their lab results.

Registration is required and will be held at St. James Roman Catholic Church, 184 South Finley Avenue, Basking Ridge on Thursday, April 23rd from 12:00 noon to 2:00 pm and Monday, April 27th from 7:00 pm to 8:00 pm. Participants may also register at the Bernards Township Health Department, 262 South Finley Avenue, Monday through Friday after April 27th from 9:00 am to 3:30 pm. Participants will also be able to register for the upcoming Male Cancer Screening on the above registration dates.
