

## Bernards Township Department of Public Works

277 South Maple Ave., Basking Ridge, NJ 07920 908-204-3084

---

Dear Bernards Township Resident,

The Bernards Township Department of Public Works has completed branch debris removal as related to the October storm.

We are currently working on pruning hazardous branches on Right of Way (ROW) trees which pose a danger to the public. Please be advised that if debris was not picked up and is still present along your frontage, said debris cleanup has been deemed a resident responsibility. Please remove or make arrangements with a private tree company for removal and disposal.

Keep in mind that Pill Hill Recycling Facility is available 8am - 4pm every Saturday for you to dispose of branch and/or leaf debris free of charge.

If you have any questions please do not hesitate to call Bernards Township Public Works Department 908-204-3084.

We thank you for your cooperation and patience.
