Coakley-Russo Memorial Golf Course
Course Conditions Report
September 11, 2020

Course Conditions

• The turf stress observed on the course, including the practice green, has improved. The practice green was needle-tine aerated and will be aerated again to reduce soil compaction.
• The burn streak on the #2 green has healed.
• All fairways were sprayed with a fungicide and an application to treat for nutsedge.

Course Care

• The course will be closed for aeration of the greens on Monday, September 14, 2020. The tees will be aerated on Tuesday or Wednesday, weather permitting.
• The greens are scheduled to be sprayed with fungicide on Thursday, followed by fairways and tees on Friday, weather permitting. Notices on treatments are posted at the Caddy Shack or the 1st Tee.
• The footbridge near hole #5 has been repaired and reopened.
• Please remember to replace your divots and repair your ball marks!

Course Updates

New commemorative benches were installed on the course, on holes #7 and #9. There are a total of seven commemorative benches on the course. Benches may be purchased through December for installation the following April. Click here for information on how to purchase.

Course operating hours have been adjusted to coincide with earlier sunset times. Click here for the complete calendar. Closing day is Sunday, November 15th.
