**COMPLETENESS HEARING**

**Millington Quarry Inc.; PB18-003**; Block 6001, Lot 6; 135 Stonehouse Road; Minor Subdivision, Bulk Variances

Mr. Schley stated that earlier in the afternoon, he had received an email from the applicant’s attorney, Michael T. Lavigne, Esq., advising that the application was being withdrawn and that it would be resubmitted to the Zoning Board of Adjustment at a later date. Mr. Schley explained that because the application contained a “d-1” use variance, it did not fall under the Planning Board’s purview.

**COMPLETENESS HEARING**

**Crown Court Associates LLC; PB18-004**; Block 8501, Lots 7 & 9; Crown Court Drive; Preliminary/Final Site Plan

Present: Danielle N. Kinback, Esq., Attorney for the Applicant
John Peel, PP, Environmental Consultant for the Applicant

Danielle N. Kinback, Esq., attorney with Bisgaier Hoff LLC, Haddonfield, NJ, requested a waiver for a wetlands delineation verified by a Letter of Interpretation (LOI) issued by the New Jersey Department of Environmental Protection (NJDEP). She explained that this was the only outstanding checklist item listed in Mr. Schley’s revised Completeness Review memo dated October 1, 2018. John Peel, PP, environmental consultant with PK Environmental, Chatham, NJ, testified that he had submitted a report stating that there are no wetlands within 150 feet of the limits of proposed site disturbance. He opined that since there would be no buffer, no LOI should be required. Mr. Schley stated that the project would be constructed within an area that was already developed and that it would be located a significant distance away from the wetlands area behind an existing apartment building. He added that the Board always had the option of requesting an LOI at a later date, if necessary.

Deputy Mayor Malay motioned to approve the waiver request and to deem the application complete. Mr. Hurley seconded.
