INTRODUCTION

The Township plays an important part of the lives of the citizens it serves. The public expects that its business will be conducted to the highest professional and ethical standards. Public service is an honorable and rewarding endeavor that offers many benefits both personally and professionally.

As a Township volunteer, elected or appointed official, you have certain obligations. Federal and State law as well as Township policies cover such important areas as discrimination, safety, violence, harassment and conflicts of interest.

All Township volunteers and elected and appointed officials have a right to a safe workplace free of discrimination, violence, illegal harassment and conflict of interests, and have an obligation to conduct themselves consistent with these policies. The Township has a “no tolerance” policy towards workplace wrongdoing.

This Handbook adopted by the Township Committee discusses these issues and many other Township personnel policies. You are urged to read this Handbook and become acquainted with its contents. By its very nature, a Handbook cannot be comprehensive or address all possible situations. For this reason, if you have any questions concerning any Township policy, contact the Human Resources office or the Township Administrator for further information.

Neither this Handbook nor any other Township document confers any contractual right, either expressed or implied. The provisions of this Handbook may be amended and supplemented from time to time without notice and at the sole discretion of the Township Committee.

All individuals receiving this Handbook are required to sign an acknowledgement of receipt. A copy of this receipt will be maintained by the Municipal Clerk.

Mayor Carol Bianchi

GENERAL POLICY

It is the policy of the Township to treat volunteers and elected and appointed officials in a manner consistent with all applicable laws and regulations. The policies and procedures set forth herein shall apply to all volunteers and elected and appointed officials.

The Township Administrator and all managerial/supervisory personnel are responsible for administration of these policies and procedures. The Township Committee has appointed the Human Resources Officer to assist the Township Administrator in implementing these practices.

The Township has a “no tolerance” policy towards workplace wrongdoing. Township employees, volunteers, contractors, vendors and elected and appointed officials are to report anything perceived to be improper to the Human Resources office or the Township Administrator. The Township believes strongly in an Open Door Policy and encourages individuals to talk with the Human Resources office or the Township Administrator concerning any problem.

This Handbook is intended to provide guidelines covering public service and is not a contract. This Handbook contains many, but not necessarily all of the rules, regulations, and conditions of Township service. The provisions of this Handbook may be amended and supplemented from time to time without notice and at the sole discretion of the Township.

RIGHTS AND OBLIGATIONS

SELECTION PROCEDURES FOR APPOINTED OFFICIALS AND VOLUNTEERS

The selection procedures for appointed officials and volunteers are established based on the individual board and volunteer requirements.

Position Specific Criminal, Sex Offender, Credit, Motor Vehicle Background Checks and Physicals

The Township reserves the right to require a criminal, sex offender, credit, fingerprinting and/ or motor vehicle background check or physical as a condition of service dependent upon the specific position or role for which an individual is considered. Such pre-service screenings will be conducted after a conditional agreement of service is made, but before the individual begins service. A signed authorization from the candidate is required before a background check may be requested from an outside reporting agency.

Sex Offender checks are required of all candidates that may work directly with children/youth/minors. Those individuals over the age of 18 will have a Sex Offender check conducted by the Human Resources department or their designee.

If the background check is favorable, the appointing body will be notified that the individual is approved to begin service. The Human Resources Officer and/or the Chief of Police, as appropriate to the role for which the background check is made, shall be informed of any information that would disqualify a candidate from a position and/or working with children/youth/minors. The outcome of the subsequent review will be communicated to the appointing body.

Some Township positions require a job related physical examination, including a drug screening, to determine whether the candidate is capable of performing essential functions of the position being offered. The Township coordinates the appointment, and the examinations are at no cost to the applicant.

Results of all background checks and physicals will be kept confidential and will not be disclosed to any person except to the extent necessary to administer and enforce this policy, or as required by law or appropriate legal process. Such information will not be deemed a public record under P.L. 1963, C.72 (C:471A-1, et. seq.) as amended and supplemented by P.L. 2001, c.404(C:47:1A-5, et seq.).

Once a candidate has been notified of a disqualifying condition, the candidate has 14 calendar days to file a letter to appeal the decision with the Township Administrator. In making a determination on the appeal, the following information will be considered:

1. The nature and responsibility of the position which the convicted individual would hold;
2. The nature and seriousness of the crime or offense;
3. The circumstances under which the crime or offense occurred;
4. The date of the crime or offense;
5. The age of the individual when the crime or offense was committed;
6. Whether the crime of offense was an isolated or a repeated incident;
7. Any social conditions which may have contributed to the commission of the crime or offense;
8. Any evidence of rehabilitation, counseling or psychiatric treatment received;
9. Acquisition of additional academic or vocational schooling, successful participation in correctional work-release programs, or the recommendation of those who have had the individual under their supervision.

OPEN DOOR POLICY

The Township encourages all volunteers and elected and appointed officials who feel they have been treated unfairly or contrary to the Township's policies to discuss their concerns with the Human Resources office or Township Administrator. This includes concerns regarding harassment or discrimination. Please refer to the following policies – *Non-Discrimination, Anti-Harassment Policy* and *Complaint Policy* - below as to complaint procedures.

NON-DISCRIMINATION

The Township maintains a policy of non-discrimination on the basis of race, creed, color, religion, sex, sexual orientation, civil union status, gender identity or expression, age, national origin, marital status, veteran status, disability or handicap which can be reasonably accommodated without undue hardship, genetic information or any other classification protected by federal, state or local law or regulation.

All Township representatives, including volunteers and, elected and appointed officials are encouraged to report any instance of alleged discrimination or harassment. All inquiries and reports of discrimination should be directed to the Human Resources office—or the Township Administrator.

Bernards Township is committed to creating an environment where all individuals are treated with respect and dignity. Each individual has the right to work in a professional atmosphere that promotes equal opportunities and prohibits discriminatory practices, including illegal harassment. The Township will not tolerate discrimination or illegal harassment of or by any Township representative towards anyone, including any volunteer or elected or appointed official or member of the public.

Individuals who feel they have been subject to discrimination or illegal harassment as prohibited above, should file a complaint pursuant to the Township's *Anti-Harassment Policy Complaint Procedure*, noted below.

ANTI-HARASSMENT POLICY

The Township is committed to maintaining a workplace free from harassment, sexual or otherwise, or intimidation of any individual, male or female, that is severe or pervasive enough to alter the terms and conditions of one's service.

The Township does not accept, condone or tolerate actions of harassment by any person associated with the Township on the basis of any personal characteristic, including, but not limited to race, creed, color, religion, sex, sexual orientation, national origin, civil union status, gender identity or expression, age, marital or political status, veteran status, disability or handicap, genetic information, or any other classification protected by federal, state or local law.

Harassment consists of unwelcome conduct, whether verbal, physical, or visual, that is based on a person's protected status, such as race, creed, color, religion, sex, sexual orientation, age, national origin, marital or political status, veteran status, civil union status, gender identity or expression, genetic information, disability or handicap which can be reasonably accommodated without undue hardship or any other classification protected by federal, state or local law or regulation. Harassment involves behavior that is personally offensive, fails to respect the rights of others, lowers morale and interferes with work effectiveness. Harassment may take different forms. Whatever form it takes, harassment is insulting and demeaning to the recipient and will not be tolerated in the workplace.

The Township will not tolerate harassing conduct that affects tangible job benefits, that interferes unreasonably with an individual's work performance, that creates an intimidating, hostile, or offensive working environment or that otherwise alters the terms and conditions of one's service or position.

Applicability

Township officials, appointees and volunteers alike must comply with this policy and take appropriate measures to insure that such conduct does not occur. All parties engaged in a professional business relationship with the Township of Bernards are also expected to abide by the policy.

Sexual Harassment

One type of harassment is sexual harassment. The Township prohibits sexual harassment in any form. Sexual harassment of non-employees by a Township representative is also prohibited.

Such conduct shall result in appropriate disciplinary action up to and including dismissal from service or position.

Bernards Township Handbook for Elected Officials, Appointed Officials and Volunteers
January, 2004; updated; January 2015, January 2016

Sexual Harassment Defined

Sexual harassment is unwelcome, unsolicited conduct of a sexual nature or because of one's sex, which an individual reasonably regards as undesirable or offensive. It includes unwelcome sexual advances, requests for sexual favors and any other conduct of a physical, verbal or nonverbal nature where:

- a) Submission to that conduct or communication is made a term or condition, either explicitly or implicitly, of obtaining or retaining service or position; or
- b) Submission to or rejection of that conduct or communication by an individual is used as a factor in decisions affecting that individual's service or position, or
- c) That conduct or communication is severe and pervasive enough to significantly alter the terms and conditions of service or position, has the purpose or effect of substantially or unreasonably interfering with an individual's service or position, or creating an intimidating hostile or offensive work environment

Unwelcome sexual advances toward non-employees such as, requests for sexual favors and other verbal, physical or visual conduct of a sexual nature constitute harassment when:

- Submission to such conduct is made either explicitly or implicitly in exchange for a benefit;
- Submission to or rejection of such conduct by an individual is used as the basis for a decision affecting the individual; or
- Such conduct has the purpose or effect of unreasonably interfering with an individual's activities or creating an intimidating, hostile or offensive environment.

It is recommended, but not required, that an individual who believes that he/she has been subjected to harassment should confront his/her harasser and make clear that such behavior is not welcome. The individual may bring the complaint directly to the Township Administrator or the Human Resources office.

Human Resources may ask the individual to complete a Harassment Complaint Form. The complaining party should specify the name of the alleged harasser and any and all witnesses to such alleged harassment. Completion of the written Harassment Complaint Form is preferred but not required. The alleged harassment does not have to occur on Township property during regular work hours for a complaint to be filed under this policy.

Under no circumstances shall an individual be required to make a report of harassment to the person he/she is accusing of harassment. Any individual who receives a complaint of harassment or of conduct which would violate this policy from a non-employee or has knowledge of harassment or conduct which would violate this policy, by any Township agent, volunteer or representative, must report the matter to the Human Resources office immediately. The failure to make such a report may subject the individual to discipline.

The Township encourages individuals who witness conduct which they believe violates the Township's Anti-Harassment Policy to report the violation pursuant to this complaint procedure. All personnel are required to ensure adherence to and compliance with this policy.

The Township encourages the prompt reporting of complaints so that rapid response and appropriate action may be taken. Any complaint should be reported within 120 days to be considered current. Nevertheless, due to the sensitive nature of these problems, all complaints will be investigated, regardless of when they are filed.

Investigation Procedure

The Township shall conduct an investigation into the harassment complaint to determine the merits of the allegations. Human Resources shall designate an objective investigator to determine the validity of any complaint. The objective investigator may include Human Resources or any third party deemed appropriate. The investigation shall be completed in a reasonable time to resolve the issue and minimize the effects of such investigation on the parties involved.

1. The investigation will, at a minimum, include an interview with the individual bringing the complaint and the accused. If the Township determines that the complaint has merit, the accused shall face appropriate disciplinary action based upon the severity of the complaint and any prior history of past charges against the individual. Disciplinary action may include a written warning, suspension, demotion, and/or termination of service or position. Any disciplinary action shall be consistent with applicable collective negotiations agreements and applicable due process safeguards.
2. All individuals have a responsibility to cooperate fully with the investigation of harassment. Although the extent of each investigation will vary, discretion and cooperation are crucial at all levels.
3. In the event that the Township determines the complaint to be intentionally dishonest, appropriate disciplinary action may be taken against the individual who caused the complaint to be filed.

The Township has a compelling interest in protecting the integrity of its investigations. In every investigation, the Township has a strong desire to protect witnesses from harassment, intimidation and retaliation, to keep evidence from being destroyed, to ensure that testimony is not fabricated, and to prevent a cover-up.

The Township may decide in some circumstances that in order to achieve these objectives, the investigation must be maintained in strict confidence. If the Township reasonably imposes such a requirement and an individual does not maintain such confidentiality, the individual may be subject to disciplinary action up to and including immediate termination.

Retaliation Prohibited

The Township encourages victims of harassment to bring their complaints to management by ensuring that no reprisals or retaliation will result from the good faith reporting of harassment. It is a violation of this policy for any personnel to retaliate against another because he or she filed a complaint or otherwise participated in the complaint procedure.

Any retaliatory conduct or recurrence of the offensive behavior should be reported immediately to the Human Resources office or the Township Administrator

Any individual with questions regarding the Township's *Anti-Harassment Policy* may contact the Human Resources office.

COMPLAINT POLICY

To foster sound relations through communication and reconciliation of problems, the Township provides employees, volunteers, and elected and appointed officials with an established procedure for expressing Township-related concerns. **If a complaint is one of discrimination or harassment please go to the policies on Non-Discrimination and Anti-Harassment and follow the procedures noted there.**

In situations where a complaint is filed, the following steps should be taken:

1. If the individual believes that he/she has a legitimate Township-related complaint, the individual is encouraged to first attempt to resolve the issue(s) through discussions with the individual in charge of the individual's work for the Township.
2. If the situation is not satisfactorily settled verbally, the individual may meet with Human Resources.
3. If the matter of complaint cannot be satisfactorily settled in discussions with Human Resources, the individual may, with prior notice to Human Resources, request in writing a meeting with the Township Administrator.

The Township will attempt to resolve the complaint within a reasonable period of time while preserving the confidentiality and privacy of those involved to the extent feasible.

VIOLENCE

Bernards Township maintains the policy that any violent acts or threats of the same, made by any volunteer or elected or appointed official against another person's life, health, well-being, and family or property or for the purpose of intimidation, are entirely unacceptable and cause for immediate action, including, where appropriate, termination of the relationship with the Township. This policy applies to any threats made on Township

property, at Township events or under other circumstances that may negatively affect the Township's ability to conduct business. Such acts or threats of violence whether made directly or indirectly, by words, gestures or symbols, infringe upon the Township's right or obligation to provide a safe workplace.

Any individual who believes that he or she has been the target of violence or threats of violence or intimidation, or has witnessed or otherwise learned of violent conduct by another in the capacity described above, should contact Human Resources and/or the Police, as appropriate to the situation, immediately.

Prohibited Conduct

This list of behaviors, while not inclusive, provides examples of conduct that is prohibited.

- a) Causing physical injury to another person;
- b) Making threatening remarks;
- c) Aggressive, hostile or intimidating behavior that creates a reasonable fear of injury or loss to another person or to personal property or subjects another individual to emotional distress;
- d) Intentionally damaging employer property or property of another;
- e) Possession of a weapon while on Township property or while on Township business;
- f) Committing acts motivated by, or related to, harassment or domestic violence.

Reporting Procedures

Any potentially dangerous situations must be reported immediately to the Police and/or the Human Resources office, as appropriate to the situation. All reported incidents will be investigated. Reports or incidents warranting confidentiality will be handled appropriately and information will be disclosed to others only on a need-to-know basis. The Township will actively intervene at any indication of a possibly hostile or violent situation.

Enforcement

Threats, threatening or intimidating conduct, or any other acts of aggression or violence in the workplace will not be tolerated. Any individual determined to have committed such acts will be subject to immediate discipline or other action, including, where appropriate, termination of the relationship with the Township. Individuals engaged in violent acts on Township premises will also be reported to the proper authorities.

AMERICANS WITH DISABILITIES ACT POLICY STATEMENT

The Township is committed to complying with all applicable provisions of the *Americans With Disabilities Act* ("ADA") as amended by the Americans with Disabilities Amendment Act "ADAAA") and the *New Jersey Law Against Discrimination*.

ALCOHOL-FREE AND DRUG-FREE POLICY

The Township has a vital interest in maintaining a safe, healthy and efficient environment. Being under the influence of drugs or alcohol on Township premises or while on Township business poses serious safety and health risks to the user and to those who work or come in contact with the user. Accordingly, the use, sale, purchase, transfer, possession or being under the influence of illegal drugs or alcohol on Township premises poses unacceptable risks for safe, healthy and efficient operations.

The Township further expresses its intent, through this policy, to comply with federal, state and local rules, regulations and/or laws that relate to the maintenance of a workplace free from illegal drugs and alcohol.

All volunteers and elected and appointed officials are required to abide by the terms of this policy and to notify the Township of any criminal drug statute conviction for a violation occurring no later than five (5) days after such conviction. Failure to adhere to this policy may result in discipline or other action, including where appropriate, termination of the relationship with the Township.

Authorized Use Of Prescribed Medication

Any individual undergoing prescribed medical treatment with any drug that may impair his/her ability to perform his/her position without posing a safety risk to himself/herself or others must report this treatment to the Human Resources office, who is required to maintain the confidentiality of any information regarding an individual's medical condition in accordance with the Health Insurance Portability and Protection Act.

Exceptions

The policy and procedures set forth herein do not supersede the policy and procedures established by the governing body regarding the use and consumption of alcoholic beverages in any municipal building, park and/or recreational facility as it pertains to an activity or affair either sponsored by the Township of Bernards or an outside organization using Bernards Township facilities. Such activities or affairs must have the prior approval of the Recreation Committee and/or the Bernards Township Committee. In such cases, the dispensing and consuming of any alcoholic beverages shall be in total compliance with Title 33 of the Statutes of New Jersey, including all rules and regulations promulgated under N.J.A.C. 13:2-1 et seq.

ETHICS POLICY

Bernards Township conducts its business fairly, impartially, in an ethical and proper manner, and in compliance with all laws and regulations.

Bernards Township is committed to conducting its business with integrity underlying all relationships, including those with citizens, customers, suppliers and communities, and

among Township personnel. The highest standards of ethical business conduct are required of Township officials and volunteers in performance of their responsibilities. Officials and volunteers will not engage in conduct or activity that may raise questions as to the Township's honesty, impartiality or reputation or otherwise cause embarrassment to the Township. Officials and volunteers will avoid any action, whether or not specifically prohibited in the personnel policies, which might result in or reasonably be expected to create an appearance of:

- Using public office or public position for private gain;
- Giving preferential treatment to any person or entity;
- Losing impartiality;
- Adversely affecting the confidence of the public in the integrity of Bernards Township.

Every official and volunteer has the responsibility to ask questions, seek guidance, report suspected violations and express concerns regarding compliance with this policy.

Concerns should be directed to the Township Administrator or the Human Resources office for review and investigation. Retaliation against officials and volunteers who use this reporting mechanism to raise genuine concerns will not be tolerated.

CONFLICT OF INTEREST STATEMENT

Bernards Township conducts its business fairly, impartially, in an ethical and proper manner, and in compliance with all laws and regulations. Volunteers and elected and appointed officials must conduct business according to the highest ethical standards of public service.

The Township recognizes the right of individuals associated with the Township to engage in outside activities that are private in nature and unrelated to municipal business. However, business dealings that create or appear to create a conflict between the individual and the municipality's interests may be unlawful under the New Jersey Local Government Ethics Act. Under the Act, certain officials are required to annually file with the Municipal Clerk a state mandated disclosure form. The Municipal Clerk will notify municipal officials subject to the filing requirements of the Act.

A potential or actual conflict of interest occurs whenever an elected or appointed official is in a position to influence a municipal decision that may result in a personal gain for the individual or an immediate relative including a spouse or significant other, child, parent, stepchild, sibling, grandparents, daughter-in-law, son-in-law, grandchildren, niece, nephew, uncle, aunt, or any person related by blood or marriage residing in the individual's household. All elected and appointed officials are required to disclose possible conflicts so that the municipality may assess and prevent potential conflicts. If there are any questions whether an action or proposed course of conduct would create a conflict of interest, immediately contact the Municipal Clerk to obtain clarification.

SAFETY POLICY

The Township will provide a safe and healthy work environment and shall comply with the *Public Employees Occupational Safety and Health Act* (PEOSHA). The Township is equally concerned about the safety of the public. Volunteers and appointed and elected officials are responsible for observing safety rules. Any occupational or public unsafe condition, practice, procedure or act must be immediately reported to the Human Resources office. Any on-the-job accident or accident involving Township facilities, equipment or motor vehicles must also be immediately reported.

The Township has appointed a Safety Committee that meets on a regular basis to discuss and recommend solutions to safety problems.

POLITICAL ACTIVITY

It shall be declared policy of the Township to appoint all appointed officials and volunteers without regard to political considerations.

No Township volunteer elected or appointed official shall directly or indirectly use or seek to use his/her authority for contributions for political campaign purposes.

PUBLIC RECORDS

Bernards Township public officials at all levels must ensure that public records are protected from unauthorized alteration, defacement, transfer or destruction.

NJSA 47:3-16 defines a public record as: *“... any paper, written or printed book, document or drawing, map or plan, photograph, microfilm, data processed or image processed document, sound-recording or similar device, or any copy thereof which has been made or is required by law to be received for filing, indexing, or reproducing by any officer, commission, agency or authority of the State or of any political subdivision thereof, including subordinate boards thereof, or that has been received by any such officer, commission, agency or authority of the State or of any political subdivision thereof, including subordinate boards thereof, in connection with the transaction of public business and has been retained by such recipient or its successor as evidence of its activities or because of the information contained therein.”*

Information that a public agency generates or receives in the transaction of its official duties is a public record. This is true regardless of the medium used to store the information – e.g., paper, microfilm, or digital copy, or in the case of digital copy and e-mail, on the computer or hand-held device from which it is sent or received. E-mails regarding Bernards Township business sent and received via personal e-mail addresses are still considered government records.

Not all public records are subject to access by the general public (*the deciding factor is if the record serves to document the organization, functions, policies, decisions, procedures, operations or other activities*); but all public records must be retained according to records retention and disposition schedules approved by the State Records Committee. No public record may be destroyed without prior consent of appropriate Bernards Township officials, as well as the NJ Division of Revenue & Enterprises Systems, Records Management, even if the retention period for the record has expired. All record retention schedules and disposal requests must be processed through the NJ State Artemis System. Questions regarding this process should be directed to the Municipal Clerk.

Note: So much of the township's business dealings are done through e-mail, public officials and volunteers must read and understand the township's policy specifically concerning the management of e-mail found in handbook section below. Although the IT Department routinely backs up its E-mail servers, each back-up is maintained only briefly for disaster recovery purposes and therefore cannot be regarded as a tool for meeting public records retention requirements with regard to e-mail.

E-MAIL POLICY

Access to the Internet may be provided to volunteers, contractors, vendors, elected and appointed officials for the benefit of Bernards Township and its residents. All such Internet users have a responsibility to maintain and enhance the Township's public image and to use the Internet in a productive manner. To ensure that all Internet users are protecting the Township's public image, the following guidelines have been established for using the Internet.

Confidentiality, Privacy and Monitoring

All Township computer systems, including e-mail and Internet connections, are the property of the Township. All documents, information and data created, stored and/or copied to the Township's computer system are the property of the Township and may not be copied or in any form transmitted to any third party other than in the ordinary course of business on behalf of the Township. Anyone using the Township's computer systems is cautioned that e-mail and Internet systems do not provide complete confidentiality and no Township Internet user has any right to privacy when they use Township systems. The Township has the right to access, monitor and disclose the contents of any file or electronic message composed, sent received or viewed on Township computer systems, including but not limited to breaches of security, violations of Township policy or other computer system or e-mail misuse.

Each individual elected or appointed to any board, committee, or commission in Bernards Township understands that the use of personal e-mail accounts to engage in Township business may result in those personal accounts being subject

to the provisions of the Open Public Records Act (OPRA) and/or other statutes pertaining to access to government records.

Acceptable Uses of the Internet

Individuals accessing the Township's Internet systems are representing the Township. All communications should be for professional reasons. Users are responsible for seeing that the Internet is used in an effective, ethical and lawful manner. Databases may be accessed for information as needed for Township business. E-mail may be used for business contacts.

Unacceptable Uses of the Internet

The Internet should not be used for personal gain or advancement of individual views. Solicitation of non-Township business or any use of the Internet for personal gain is strictly prohibited. Use of the Internet must not disrupt the operation of the Township network or the networks of other users.

E-Mail Communications

All Township Internet users are responsible for the content of all text, audio or images that they place or send over the Internet. Fraudulent, harassing or obscene messages are prohibited. All messages communicated on the Internet should have the sender's name attached. No messages will be transmitted under an assumed name. Users may not attempt to obscure the origin of any message. A generic signature of name, title, and contact number should be included in e-mail communications. Information published on the Internet should not violate or infringe upon the rights of others. No abusive, profane or offensive language may be transmitted through the system. Township Internet users are prohibited from expressing personal opinions through use of the Township's Internet names and connections.

Notwithstanding the Township's right to read and retrieve any electronic mail messages, such messages should be treated as confidential and accessed only by the intended recipient. Users are not authorized to retrieve or read any e-mail messages that are not sent to them. Any exception to this policy must receive prior approval from the Information Technology Director. Users should not attempt to gain access to another user's messages without the latter's permission. All computer passwords and login names must be submitted to the Information Technology Director. No codes may be used that are unknown to the Information Technology Director.

Instant Messaging

All users of instant messaging in any form (web-based, application, mobile), on any Township owned equipment must have approval of the Information Technology Director.

Work Product Ownership

The Township retains legal ownership of the work product of all Elected Officials. Work product includes: written and electronic documents, audio and video recordings, system code, and any concepts, ideas or other intellectual property developed for Bernards Township regardless of whether the intellectual property is actually used by the Township.

Bernards Township Handbook for Elected Officials, Appointed Officials and Volunteers
January, 2004; updated; January 2015, January 2016

No work product created while an individual is elected to office in Bernards Township can be claimed, construed or presented as their property, even after their commission with the Township is terminated or the relevant project completed. If any individual requests use of a document created by them, the release of said document shall be with the written authorization of the Information Technology Director and Township Administrator.

Software

To prevent computer viruses from being transmitted through the system, there will be no unauthorized downloading of any software. All software downloads will be done through the Information Technology Director or someone authorized to do so by the Information Technology Director.

Copyright Issues

Copyrighted materials belonging to entities may not be transmitted on the Internet. One copy of the copyrighted material may be downloaded for personal use in research. Users are not permitted to copy, transfer, rename and/or delete information or programs belonging to other users unless given express permission to do so by the owner. Failure to observe copyright or license agreements may result in legal action by the copyright owner.

Security

All messages created, sent or retrieved over the Internet are the property of Bernards Township. The Township reserves the right to access and monitor all messages and files on the computer system as deemed necessary and appropriate. The confidentiality of any messages should not be assumed. Even when a message is erased, it is possible to retrieve and read that message. Further, the use of passwords for security does not guarantee confidentiality. All communications, including text and images, can be disclosed to law enforcement or other third parties without prior consent of the sender or the receiver.

Computer documents, including email, and instant messages are considered Township documents and may be disclosed under the Open Public Records Act (OPRA).

Harassment

Harassment of any kind is prohibited. No messages with derogatory or inflammatory remarks about an individual's or group's race, religion, national origin, physical attributes or sexual preference may be transmitted.

Violations

Violations of any guidelines listed above will be presented to Human Resources officer or Township Administrator. If necessary, the Township will advise appropriate legal officials of any illegal violations.

SYSTEMS, COMPUTER AND INTERNET POLICIES

Systems Privacy, Including E-mail, Voicemail, Computer and Internet Usage

Bernards Township respects the individual privacy of its volunteers and officials; however, e-mail, voicemail, Internet, Township-issued cellular devices and the computer network are for official business. All e-mail, voicemail and Internet message are public records subject to possible disclosure to the public pursuant to the provisions of the Open Public Records Act.

E-mail messages created and transmitted on Bernards Township computers or using Bernards Township E-mail servers are the property of Bernards Township. Bernards Township reserves the right to monitor all e-mail transmitted via the Township's computer system. Volunteers and officials have no reasonable expectation of privacy when it comes to use of Bernards Township's e-mail system.

Notwithstanding the Township's right to read and retrieve any electronic mail messages, such messages should be treated as confidential by other individuals and accessed only by the intended recipient. Volunteers and officials are not authorized to retrieve or read any e-mail messages that are not sent to them. Any exception to this policy must receive prior approval from the Township Administrator or Information Technology Director or his/her designee. Volunteers and officials should not attempt to gain access to other Township personnel's messages without the latter's permission. All computer passwords and login names must be submitted to the Information Technology Director. No codes may be used that are unknown to the Information Technology Director.

Bernards Township may monitor, inspect, copy, review, and store any files, information, software, and other content created, sent, received, downloaded, uploaded, accessed, or stored through the Bernards Township's communications system.

By using Township e-mail, computer systems, voicemail and the Internet, each user agrees that the Bernards Township has unrestricted access and the right to disclose all information communicated or stored on the e-mail, computer systems, cell phones, voicemail and the Internet.

Care In Use of E-mail, Voicemail, Internet and Computer Network Systems

Volunteers and officials must exercise a greater degree of caution in transmitting the Township's confidential information on the e-mail, voicemail, Internet and computer network systems than they take with other means of communicating information, because of the ease with which such information can be redistributed and the public access to such information through the Open Public Records Act. Volunteers and officials must take care to ensure all addressees are appropriate recipients of the information to be distributed via e-mail, voicemail, Internet, text message or other electronic forms of communication, especially when distributing information to a list of recipients.

Except in emergency situations or as part of their officially assigned or regular or permitted duties, volunteers and officials are prohibited from taking any photographs, pictures, digital images or audio recordings of any crime scenes, traffic crashes, arrestees, detainees, people, job related incident or occurrence, or Township data and information with any personal analog or digital device, camera, imaging device, audio recorder or cellular telephone.

This section also applies in off duty scenarios regarding any law enforcement and emergency response related activities. Any photographs, images or recordings taken with any personal device pursuant to or in violation of this section are considered evidence and are subject to applicable laws, code guideline or directive concerning storage release and disposal. Volunteers and officials who have recorded any photographs, images or recordings with any personal device shall notify their supervisors as soon as practical. For the purposes of this section, an “emergency situation” involves a sudden and unforeseen combination of circumstances or the resulting state that calls for immediate action, assistance or relief, and may include accidents, crimes and flights from accidents or crimes.

Volunteers and officials are prohibited from releasing or disclosing any photographs, pictures, digital images of any crime scenes, traffic crashes, arrestees, detainees, people or job related incident or occurrence taken with a personal or agency analog or digital device, camera or cellular phone to any person, entity, business or media or Internet outlet whether on or off duty without the express written permission of the Township Administrator or appropriate functional head.

Personal Use of E-mail and Internet Access

Incidental and occasional personal use of e-mail and Internet access is subject to the same policies, procedures and legal considerations that apply to business-related e-mail and Internet use. Incidental and occasional personal use must be done on time such as during lunch or breaks. Such personal use is permissible so long as the incremental cost is negligible, no Township business activity is preempted by the personal use, and no Township policies or laws are violated. Excessive personal use and personal use in violation of this policy can be grounds for discipline up to and including termination. Personal use of the Township’s Internet access and e-mail constitutes the user’s consent to the Township to monitor, read, and use in any way any message, record, or other information created by the personal use.

Since the contents of e-mail and voicemail may be accessed by the Township without prior notice to volunteers and officials, and since Bernards Township can monitor volunteers’ and officials’ use of its computer network systems, they should not use any of the systems to transmit any messages they would not want to disclose to a third party.

Volunteers and officials who maintain personal web pages and web sites, including but not limited to Facebook, YouTube, Myspace, Twitter, etc., shall not post information on such sites that would constitute a violation of the personnel policies of the Township if expressed or published using any other medium or in any other manner. The posting of

words, phrases, photographs, images or any kind of information on a personal web site may be grounds for disciplinary action if the words, phrases, photographs, images or information adversely reflects on the volunteers and officials' fitness for duty or constitutes a violation of the policies of the Township. Moreover, volunteers and officials should not use these systems during the work day or their work hours for soliciting or advocating with others for commercial ventures, religious or personal causes, outside organizations or other similar, non-job-related solicitations.

Forbidden Content of E-mail, Voicemail, Internet and Computer Network Systems Communications

Volunteers and officials may not use the e-mail, voicemail, Internet computer network systems, or Township-issued cell phones or any other Township-issued electronic devices in any way that may be seen as insulting, defamatory, obscene, harassing, disruptive, or offensive by other persons. Examples of forbidden transmissions or downloads include sexually-explicit messages; unwelcome propositions; ethnic or racial slurs; or any other message that can be construed to be harassment or disparaging to others based on their actual or perceived sex, sexual orientation, gender, gender identity, transgender, race color, national origin, citizenship status, ancestry, age, marital status, medical condition, mental or physical disability, veteran status, religious or political beliefs, or any other characteristic protected by federal, state, or local law, ordinance or regulation.

Unauthorized Access

Volunteers and officials are prohibited from the unauthorized use of the password(s) of other township personnel to gain access to another individual's messages in the e-mail, voicemail, Internet or computer network systems including but not limited to all secured access software that volunteers and officials may have access to.

Mobile Devices

Volunteers and officials whose devices with mobile access to the bernards.org mail server are subject to the following requirements to protect the security and integrity of Township data. This applies to personal devices and Township-issued devices.

The Township is authorized to monitor, filter and inspect Township information accessible via the device. The Information Technology Director has the authority to clear any device that has established a connection to the bernards.org mail server. Volunteers and officials with remote access to the server release the Township from liability for the destruction and/or viewing of any personal information by the Information Technology staff when such action is taken on behalf of the Township's interests.

The Information Technology Director must be notified immediately in the event a device with remote access to the bernards.org mail server is lost, stolen or compromised.

If a Township-issued phone is replaced, the original phone must be returned to the Information Technology Director.

Volunteers and officials must abide by the privacy, security and other relevant procedures and policies established herein for their mobile device access and usage.

Volunteers and officials with Township-issued mobile devices must have approval of the Information Technology Director to load any applications onto the devices.

At termination, Township personnel must identify all devices for which a volunteer or official has access to the bernards.org mail server. The Information Technology staff will remove such access. If necessary, this may include wiping the device clear of all applications.

Instant Messaging

All users of instant messaging in any form (web-based, application, mobile), on any Township owned equipment must have approval of the Information Technology Director.

Any personal use of the Internet and or the Township's computer system may not interfere with the conduct of the Township's business or interfere with a volunteers and officials performance of their job duties.

Volunteers and officials who have Township issued mobile devices must follow the guidelines for communications as explained under Internet Code of Conduct, and Instant Messaging.

Misuse of Instant Messaging, the Township's computer system, and Township-issued mobile phones is grounds for disciplinary action up to and including termination of appointment or service.

Software

To prevent computer viruses from being transmitted through the system, there will be no unauthorized downloading of any software. All software downloads will be done directly through the Information Technology Department, whether from the IT Director or an active employee within the IT Department, as authorized by the Director. All requests are to be submitted via E-mail to the IT Department. Use of personal e-mail software (e.g., Gmail, Yahoo, etc.) can also bring computer viruses into the system.

Copyright Issues

Copyrighted materials belonging to entities may not be transmitted on the Internet. One copy of the copyrighted material may be downloaded for an individual's own personal use in research. Users are not permitted to copy, transfer, rename and/or delete information or programs belonging to other users unless given express permission to do so by the owner. Failure to observe copyright or license agreements may result in disciplinary action or legal action by the copyright owner.

Work Product Ownership

The Township retains legal ownership of the work product of all volunteers and officials working on Township work products. Work product includes: written and electronic

Bernards Township Handbook for Elected Officials, Appointed Officials and Volunteers

documents, audio and video recordings, system code, and any concepts, ideas or other intellectual property developed for Bernards Township regardless of whether the intellectual property is actually used by the Township. No work product created while and individual is appointed by Bernards Township can be claimed, construed or presented as their property, even after their appointment or service with the Township is terminated or the relevant project completed. If a volunteer or official requests use of a document created by them, the release of said document shall be with the written authorization of the Information Technology Director and Township Administrator.

Security

All messages created, sent or retrieved over the Internet are the property of Bernards Township. The Township reserves the right to access and monitor all messages and files on the computer system as deemed necessary and appropriate. The confidentiality of any messages should not be assumed. Even when a message is erased, it is possible to retrieve and read that message. Further, the use of passwords for security does not guarantee confidentiality. All communications, including text and images, can be disclosed to law enforcement or other third parties without prior consent of the sender or the receiver.

Policy Violations

Violations of the Township policy of the use of e-mail, voicemail, Internet, complete network systems and Township-issued cell phone or any other Township-issued electronic device will subject the individual to discipline, up to and including termination or appointment or service.

If necessary, the Township will advise appropriate legal officials of any illegal violations.

PERSONAL BLOGGING AND SOCIAL NETWORKS POLICY

Social networking, both professional and personal, is a popular way to connect with friends, foster relationships and create a complex group of online networks and online communities. However, these new communication and networking opportunities also creates new responsibilities for those who engage in social networking. Volunteers and officials who choose to use or contribute to online media are not only impacting their personal image, but may be potentially impacting the image of the Township. The purpose of this policy is to provide reasonable guidelines for online behavior for volunteers and officials of the Township.

General Rule

When communicating in social media, volunteers and officials act at their own peril. Before creating online content, consider some of the risks and rewards that are involved. Keep in mind that any conduct that adversely affects job performance, the performance of employees or otherwise adversely affects clients, people who work on behalf of the

Township or the Township's legitimate business interests may result in disciplinary action up to and including termination. Volunteers and officials must never engage in communication which injures the reputation of the Township or its clients or which discloses confidential information. Also, remember that the volunteers' and officials' own reputation is at risk – what is said or done, even if not otherwise connected to the Township, may be seen by others who will make judgments about the individual based upon what they place online. The volunteer's and official's positions in the Township could thus be impacted by their personal internet activities.

In the rapidly expanding world of electronic communication, social media can mean many things. Social media includes all means of communicating or posting information or content of any sort on the Internet, including, but not limited to:

- Social networking or affinity web site such as, but not limited to, Facebook, Twitter, MySpace, LinkedIn, You-Tube, Instagram, etc.
- Websites, one's own or someone else's Web Log, and Blog Site(s) Journal or Diary, including Personal Websites or Blog(s)
- Wikis such as Wikipedia and any other site(s) where text can be edited or posted
- Social bookmarks such as Digg and Delicious
- Web bulletin board or a chat room

All of these activities on these sites are referred to as "Internet postings" in this Policy. This Internet Postings Policy applies, but is not limited, to all of the aforementioned Internet postings on social media whether or not associated or affiliated with the Township, as well as any other form of electronic communication.

Know and follow the rules

Carefully read these guidelines and ensure postings are consistent with this policy. Inappropriate postings that may include discriminatory remarks, harassment, and threats of violence or similar inappropriate or unlawful conduct will not be tolerated and may be subject to disciplinary action up to and including termination of appointment or service by the Township.

If volunteers or officials are unsure about information disclosed in any particular posting, they should contact the Township Administrator or Human Resources officer.

Be respectful

Always be fair and courteous to employees, clients, management and people who work on behalf of the Township. Try to resolve work-related complaints by speaking directly with co-workers or management rather than by posting complaints to a social media outlet. If complaints or criticism are posted, avoid using statements, photographs, video or audio that reasonably could be viewed as malicious, obscene, threatening or intimidating, that disparage employees, clients, management or people who work on behalf of the Township, or that might constitute harassment or bullying. Examples of such conduct might include offensive posts meant to intentionally harm someone's reputation or

posts that could contribute to a hostile work environment on the basis of race, sex, disability, religion or any other status protected by law or Township policy. Remember that harassment, bullying, discrimination and retaliation that would not be permissible in the workplace is not permissible between employees online, even if done after hours, from home and on home computers.

Be honest and accurate

Always be honest and accurate when posting information or news, and if a mistake is made, correct it quickly. Be open about any previous posts that have been altered. Remember that the Internet archives almost everything; therefore, even deleted postings can be searched. Never post any information or rumors that are known to be false about employees, clients, the Township and employees of the Township, including members of management and the governing body.

Post only appropriate and respectful content

1. Maintain the confidentiality of the Township's private or confidential information and attorney-client privileged information. Do not post internal reports, policies, procedures or other internal business-related confidential communications.
2. Do not create a link from a blog, website or other social networking site to a Township website without identifying one's self as a spokesperson of the Township.
3. Express only personal opinions. No individual should represent themselves as a spokesperson for the Township unless they have been specifically authorized to do so. If the Township is a subject of the content being created, be clear and open about the fact that they are speaking as a volunteer or official and make it clear that the views do not represent those of the Township, the governing body or employees of the Township. If publishing a blog or post online related to the work one does or subjects associated with the Township, make it clear that you are not speaking on behalf of the Township or the governing body. It is best to include a disclaimer such as "The postings on this site are my own and do not necessarily reflect the views of Bernards Township."

Please be aware that the term "internet postings" is not limited to blog postings, it also includes comments, videos and images. When posting a point of view, an individual should neither claim nor imply they are speaking on behalf of Township behalf, unless they are authorized in writing by Township Administrator to do so.

4. Do not represent any opinion or statement as the policy or view of the Township or of any individual in their capacity as an employee or otherwise on behalf of the Township.
5. Do not post any disparaging or defamatory statements about the Township, including members of management and the governing body, its product or services that are unrelated to specific terms and conditions of appointment or service.
6. Respect all copyright, privacy, fair use and other intellectual property laws. For the Township's protection as well as your own, it is critical that all show respect for the laws

governing copyright, fair use of copyrighted material owned by others, trademarks and other intellectual property, including the Township's own copyrights and trademarks.

Do not use the Township's logos or trademarks in postings without express permission from the Township.

7. Avoid harming the image and integrity of the Township by posting content that would be considered harassment, bullying, discrimination or retaliation and would not be deemed permissible if said and/or done in the work place. Internet postings should not violate any other applicable Township policy, including, but not limited to, the following: Anti-Harassment Policy, Non-Discrimination and Equal Employment Opportunity Policy, and E-Mail and Internet Code of Conduct Policy.
8. Ensure that any posts comply with the FTC "endorsement" guidelines.
9. If a member of the news media or blogger contacts a volunteer or official about an Internet posting that concerns Township's business, immediately bring this to the attention of the Township Administrator. Also, please be respectful when responding to negative posts.

Volunteers and officials agree that the Township shall not be liable, under any circumstances, for any errors, omissions, loss or damages claimed or incurred due to any Internet postings.

Using social media at work

Refrain from using social media while on work time or on equipment we provide, unless it is work-related as authorized by their Supervisor or the individual in charge of their work for the Township. Do not use a Township email addresses to register on social networks, blogs or other online tools utilized for personal use.

Volunteers or officials may, as part of their job responsibilities, be required to use social media for public relations, recruitment, Township communications or other business purposes. The Township owns all social media accounts used on behalf of the Township or otherwise for business purposes, including any and all log-in information, passwords and content associated with each account, such as followers and contacts. The Township owns all such information and content, regardless of the individual that opens the account or uses it, and will retain all such information and content regardless of separation of any service or appointment with the Township.

If a volunteer's job duties require that they to speak on behalf of the Township in a social media environment, they must still seek approval for such communication from their supervisor, who may require them to receive training before they do so and impose certain requirements and restrictions with regard to their activities. Likewise, if a volunteer or official is contacted for comment about the Township for publication, including in any social media outlet, the inquiry should be directed to the Township Administrator and the individual should not respond without approval of the content and response.

The Township may request, in its sole and absolute discretion, that a volunteer or official temporarily or permanently confine their website, web log or other commentary to topics unrelated to the Township if it believes this is necessary or advisable to ensure compliance with laws or regulations.

Failure to comply may lead to discipline up to and including termination of appointment or service, and if appropriate, the Township will pursue all available legal remedies.

Retaliation is prohibited

The Township prohibits taking negative action against any employee for reporting a possible deviation from this policy or for cooperating in an investigation. Any employee who retaliates against another employee for reporting a possible deviation from this policy or for cooperating in an investigation will be subject to disciplinary action, up to and including termination.

SMOKING POLICY

The New Jersey Legislature has declared that in all governmental buildings the rights of non-smokers to breathe clean air supersedes the rights of smokers. In accordance with State law, the Township has adopted a smoke-free policy for all buildings. Township facilities shall be smoke-free and no one will be permitted to use electronic cigarettes, smoke or chew any tobacco products anywhere in Township buildings or Township vehicles.

Smoking is permitted outside Township buildings at locations as not to allow the re-entry of smoke into building entrances. This policy shall be strictly enforced. As with any policy, elected and appointed officials and volunteers are expected to serve as role models for proper compliance with the provisions above and are encouraged to regularly remind elected or appointed officials or volunteers of their responsibilities in complying with this policy.

Any official or volunteer who violates this policy will be subject to discipline, up to and including termination of appointment or service.

DRIVER'S LICENSE POLICY

All employees/volunteers who will be assigned work entailing the operation of a Bernards Township vehicle will be required to submit to an annual review of Department of Motor Vehicles driving records check as a condition of employment. A report indicating a suspended or revoked license status may be cause to deny or terminate employment/association with the Township.

Periodic checks of employee's drivers' licenses through visual and formal Department of Motor Vehicles review checks shall be made by Human Resources. Any employee/volunteer performing work that requires the operation of a Bernards Township vehicle must notify their immediate Supervisor/Township Administrator in those cases where a license is expired, suspended or revoked and/or who is unable to obtain an occupational permit from the State Department of Licensing. An employee/volunteer who fails to immediately report such revocation or suspension to their Supervisor/Township Administrator and continues to operate a Bernards Township vehicle shall be subject to discipline, up to and including termination of appointment or service.

Individuals working/volunteering for the Township are required to report all vehicular accidents and any serious moving violations including, but not limited to those listed below (whether incurred on the job or not) to their supervisor and Human Resources within forty-eight (48) hours of the accident or receipt of the violation notice.
