

Bernards Township Committee

There are more than five people seated at the dais. Who are they and what is their role?

The Twp Administrator, Pat Monaco, is responsible for the proper financial administration of the municipality and provides the necessary assistance in the prompt day-to-day management of the administrative affairs of the Township Committee. He also coordinates activities of the various departments within the municipality and gives assistance in planning and supervising the execution of the Township Committee work in those areas where a continuous and sustained effort is required.

The Township Attorney, John Belardo, is the legal adviser to the Township Committee and to all departments except as may be otherwise provided by ordinance.

The Municipal Clerk/Assistant Administrator, Denise Szabo, is the secretary to the municipal corporation and governing body, administrative officer of elections and licensing, and the records manager for the Township. In the absence or temporary disability of the Administrator she acts in his behalf.

The Engineer, Tom Timko, performs such duties as are prescribed by general law and ordinance and in addition prepares plans, and designs and specs for public works and improvements in the township, provides technical and engineering advice to other township departments, oversees the zoning enforcement function.

Common Terms

Governing Body – This is another name for the Township Committee. The Governing Body consists of five members elected by the public for three year terms. In our Township Committee form of government, all legislative and executive powers of the Township are the responsibility of the Township Committee, except in matters of health. The Mayor is elected by his fellow committee members at the annual re-organization meeting in January. All members have equal power and may vote on all issues.

Township Committee Meetings

Meetings – Unless otherwise advertised, Township Committee meetings are held on the 2nd and 4th Tuesday following the first Monday of each month in the Warren Craft Meeting Room of the Municipal Building, 1 Collyer Lane, Basking Ridge, NJ 07920. Meetings are open to the public 8:00 PM, and are normally preceded by executive session at 7:30 PM. The executive session portion of the meeting is not opened to the public.

Agenda - An outline of the items to be discussed or acted upon at a meeting. The agenda is published to the Bernards Township website (www.bernards.org) the Friday prior to the meeting.

Consent Agenda - The items in a consent agenda are considered routine and have been reviewed in advance of the meeting by Committee members. In the interest of time, these items are voted upon in one encompassing motion. Any member of the Committee may request that an item be removed from the Consent Agenda and discussed separately. The items listed in the Consent Agenda are hyperlinked to published agendas.

Closed or Executive Session - In certain instances, the law permits meetings which are closed to the public. Minutes of these proceedings are kept and are made available to the public at such time as the matter is closed. If the Committee adjourns to executive session, the public will be asked to vacate the room.

Rules of Order – These are procedures which guide the conduct of a meeting. Depending on the item of business, the Governing Body may take action through passage of an Ordinance, Resolution, Motion, or simply a consensus of agreement.

Resolution - An act or regulation of the Governing Body which is reduced to writing and can be adopted at the same meeting it is presented.

Ordinance - An act or regulation of the Governing Body which is reduced to writing but cannot be adopted at the same meeting it is introduced. The law provides that a public hearing must be held to give citizens an opportunity to voice their opinion once the ordinance is introduced.
