**BERNARDS TOWNSHIP RESIDENTS:  
THE COMMUNICATIONS TASK FORCE WANTS YOUR HELP!**

On Monday, April 15<sup>th</sup>, the newly-formed Bernards Township Communications Task Force is releasing a short survey designed to determine how residents prefer to receive information -- emergency and non-emergency alike, what specific types of information they would like to receive as well as how they use the many informational tools the township provides.

Residents who are signed up to receive email blasts from the township will receive the survey via email on April 15. All other residents may access the survey here <https://www.surveymoz.com/s3/4926303/Communications>

Residents have until Wednesday, May 15<sup>th</sup> to complete the survey.

The Communications Task Force will use these survey responses, as well as other research, to help make recommendations to the Bernards Township Committee for the purpose of improving communications and developing protocols for dissemination of information. The Task Force plans to present recommendations in or prior to November.

The Task Force consists of Bernards Township elected officials, township employees and volunteer residents. The group welcomes resident feedback. Any resident with an idea or suggestion is strongly encouraged to send an email to [communicationstaskforce@bernards.org](mailto:communicationstaskforce@bernards.org).
