

Health Screening 2019

Includes a blood test, urinalysis, stool test and blood pressure check. The purpose is to screen for conditions such as diabetes, gout, kidney disease, liver disease, cholesterol levels (HDL & LDL) and triglycerides, anemia, leukemia, and hypertension.*

WHEN: THURSDAY, May 9, 2019
7:00 a.m. to 9:30 a.m.

LOCATION: St. James R.C. Church
184 S. Finley Ave.
Basking Ridge, NJ 07920

Basic Screening Cost	Additional Optional Tests	Resident	Non-Resident
Residents: \$35.	Thyroid (TSH)	\$25.	\$35.
Non-Residents: \$45.	Hemoglobin A1c	\$15.	\$20.
<i>*Includes blood test, urinalysis, hemocult stool test and blood pressure check.</i>	FIT, Fecal Immunochemical Test	\$20.	\$25.

FIT or Fecal Immunochemical Test is highly accurate colorectal screening test . It is a sensitive, easy to use test for pre-cancerous polyps and colon cancer. It detects ONLY human blood, not food dyes or blood from food. Requires only one stool sample. The kit is sent directly to the lab after getting sample. (* This test is completed in place of the Hemocult Stool Test.)

IN-PERSON Registration REQUIRED Starts:
MONDAY, APRIL 8 — 9 am - 4 pm

AT THE BERNARDS TOWNSHIP HEALTH DEPARTMENT
262 South Finley Avenue, Basking Ridge, NJ 07920
