

Bernards Township
Agricultural Advisory Committee
2020 Annual Report to Township Committee

During 2020 the Agricultural Advisory Committee held two Committee Meetings, February and November (virtual). Due to COVID our March meeting and our annual Farm Meeting were canceled.

The Committee:

- Conducted an annual review of the inventory of the Township's farm assessed properties.
- Reviewed the recommendations from The 2019 Reexamination Report related to agriculture in the Township and agreed to continue to follow discussions of the Planning Board on these recommendations.
- Discussed resident interests relating to agricultural activities on residential property. Communicating policies to the community will be a focus in the coming year.
- Continues its mission of agricultural education and outreach to all residents in the Township.
